ADDENDUM 1

Attention: All Bidders

Date: 18 July 2023

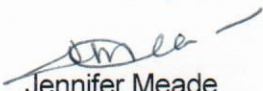

Re: Procurement of Works Associated with the Salem Community Resource Centre Rehabilitation Project

You are hereby advised of the following modifications to the bidding document for the procurement of works associated with the Salem Community Resource Centre Rehabilitation Project.

Please note that any mention of T1-11 as a roofing material in these tender documents should be replaced with 1x6 tongue and groove lumber. This substitution is necessary in order to preserve the original aesthetics of the Salem Community Centre.

Additionally, any reference to corrugated metal roofing panels & accessories shall be interpreted as trapezoidal metal roof panels & accessories (22 gauge).

Kindest Regards

Jennifer Meade
Project Manager
