

Clarification Questions and Responses

Project Title: Supply and Delivery of Energy Saving Bulbs

Date: 23rd August, 2022

Clarification Question	Government of Montserrat(GoM) Response
1. Do they want prices quoted exclusive of import duty and consumption tax?	No, prices quoted are not exclusive of import duty and consumption tax.
2. Is one (1) tender for all four (4) lots acceptable or each lot must be tendered for separately?	Each Lot must be tendered for separately.
3. Under the technical specifications of section 5 - what does "Product warranty of minimum two (2) years " mean or entail?	It's a case of the product (bulbs) getting repaired, replaced or refunded if the item becomes faulty within two (2) years, whether that be by the manufacturer of the bulbs or the local supplier.
4. Can you please also clarify this statement: *** The supplier will be required to store the bulbs at their location and deliver to clients on production of an authorized voucher.	This means that the supplier will be required to store the bulbs at their place of business and distribute to the participants of the bulb exchange programme once the participants receive their vouchers.
