

**Prior Information Notice (PIN)
for
Upcoming Tendering Opportunity
for
Montserrat Twin Otter Services**

Montserrat is an internally self-governing Overseas Territory of the United Kingdom, located in the Leeward Islands. Currently, there are scheduled Islander services between Montserrat and Antigua.

The Government of Montserrat will soon be seeking proposals from suitably experienced tenderers for operating twin otter service at the John A. Osborne Airport, Montserrat. The aim is to have the new service in place later this year.

The new Service Operator will be responsible for organising and managing the operation in its entirety. The service offer must be customer-centered and maintain high standards. The Operator will be required to conduct regular services between Montserrat and Antigua, with inter-island/gateway connections to other neighbouring islands.

The Government is seeking value for money and innovative solutions through this procurement, which will be advertised through the e-sourcing portal (myTenders) and the Government of Montserrat website:

<https://www.mytenders.co.uk/>

<https://tenders.gov.ms/>

Interested prospective bidders who would like to be informed of our longer term plans for the service, are invited to email Ms Harjinder Jutle, Head of Procurement Department Jutleh@gov.ms
