

Prior Information Notice (PIN) Upcoming Tendering Opportunity for Montserrat Ferry Services

Montserrat is an internally self-governing Overseas Territory of the United Kingdom, located in the Leeward Islands.

The Government of Montserrat will soon be seeking proposals for a ferry (vessel) with a lease to purchase option. Details of the ferry specification will be outlined in the Request for Proposal. However, there are a number of reports available on previous studies conducted on suitable vessels, these can be made available upon request.

In addition, we require a suitably experienced ferry operator to manage and maintain the vessel and services. The Operator will conduct regular services between Montserrat and Antigua, with occasional trips to other neighbouring islands.

The Government is seeking value for money and innovative solutions through this procurement, which will be advertised through the e-sourcing portal (myTenders) and the Government of Montserrat website:
